FOREWORD

The staff joins with me in expressing the sincere hope that this annual will not only afford you a present joy, but will be a constant and ever recurring reminder of your happy years at Oxford High School.

THE EDITOR

DEDICATION

To one who has in past years devoted her time and efforts toward enriching the student life of Oxford High School, and to one who is most deserving of this tribute we wish to dedicate the 1955 Oxonian. We will fondly treasure memories of Miss LORENA AVERETT, our friend, counselor, and teacher.

OUR PRINCIPAL

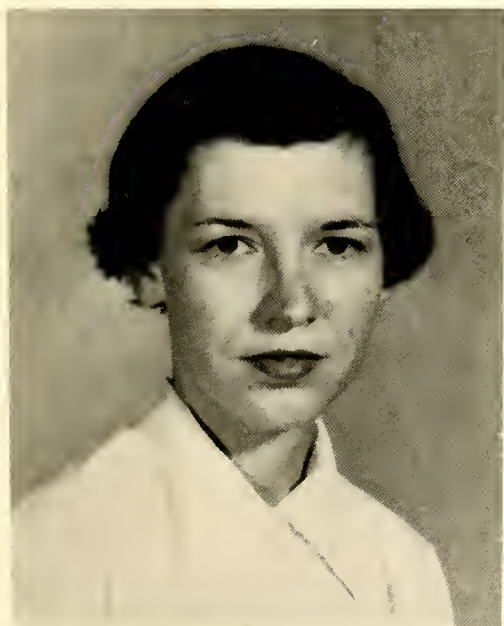

The administration wishes to thank the sponsors and the members of the Annual Staff for the hard work which has gone into the 1955 OXONIAN. As we look through this volume, we find within its pages a record of our aspirations and our accomplishments. It is our wish that each one of us connected with Oxford High School will ever strive to make our school and its program the very best possible with the time, the talents, and the materials at our disposal.

OUR SIXTH AND SEVENTH GRADES

OUR EIGHTH GRADES

WHAT'S
AHEAD?

As the world's largest producer of fabrics from man-made fibers, Burlington Mills has a need for hundreds of different skills to manufacture many highly diversified products. Technical and non-technical skills are necessary in all phases of manufacturing operations, in the sales organization, and in the score of service departments that keep the wheel of this complex textile manufacturing operation turning.

Recognizing personnel as its greatest asset, Burlington is always looking for young people with competence and character to train for future positions of responsibility.

"What's ahead with Burlington?" The answer is an unlimited horizon of opportunity for advancement and success.
